Dear Harry:

I have been expecting
to hear from you daily. Have
you not been in family
council yet? We were very
sorry to hear Auntie had been
poorly but hope she is in
her usual health now. We
had a card from my friend
Minnie Barton the other day
she told me that Johnie's
brother has been very ill
with bronchitis, had been
out at Hoosick for some weeks
with Susan. We saw by
the B. Friend the other day
the death of Sarah Purves &
also of Hannah Hudson wife
of Samuel Hudson of Davisville

till Auntie John has begun
to think of taking a trip
to Dublin but whether he
will accomplish it or not
I cant say yet. We are having
very pleasant weather now
& do wish you could come
I send with this a photo
of the Store with caricatures
of the family. They were
taken by an itinerant
photographer. It has been
impossible for John to get
away from his unbuilding
work to go see you yet.
Annie often talks of the nice
time he had with you. Shane
has been trying to build
Hannah but as yet have
not accomplished it.
Please write me dear love
I will do write soon & be sure
you decide & come to

[The letter you forwarded from my cousin Polly Fenwick, telling me many things about my dear mother, only to make me thankful that her sufferings are at an end.]

I would respectfully inform my patrons that I have secured the exclusive sale in New Bedford of the celebrated Belleek pottery which equals and in many specimens surpasses the best Royal Worcester. Having selected in person these exquisite productions of the art at the potteries, I am enabled to offer the latest and most beautiful designs at the lowest prices. Some of the pieces have just been finished to my own order. It is the only factory in the world now making egg-shell china.

There are dainty specimens of egg shell at $2. in cups & saucers.

Graniteware Worcester at 4.50:

Exquisite small vases, bouquets etc at 1.25 to 5

Vases at 7 & 12

Richly decorated vases in newest styles with lotus or rustic handles at 12 to 16.

Beautiful tall vases 15 in. with open work handles and necks, decorated in colors and chased gold at $25. 00

I should be pleased to show these gems of the potters art to all who may favor me with a call.

My dear Cousin

Thy card reached us on 7th day, and we thank Thee for your kind invitation but were unable to accept it. John was quite poorly all the time in N.Y. & I was glad I was with him. Now that he is home again he feels rather better, but today complains of sore throat, but I hope

that is only temporary.
We must work hard
now to get the goods out
& sold. We will still
hope that you will
change your mind
and come round here
sometime later. Once
a year is not very often
for us to see you.
Is Uncle Henry going
to Lake Placid also?
I do hope Henderson will
gain strength with
the change. Annie

was at the Opera House here every P.M.
+ Eve. for a week helping light the stage.
with Calcium lights during a Kirmess
which was going on here. Now he has
to run 3 entertainment with stereopticon
(lime light) for a lecturer - he seems to
enjoy + understand it - + hopes to get
more jobs in that line. Charlie is
discouraged looking for work, but today
there is a little prospect that he may
get into a shoe store as salesman.

Ada hope he may get it.
I hate to think of his going
away to some large city
but I can that will be his
lot & Annie's also.
Poor Christie Woodbury
still lies & suffers. Dr.
told her the other day
he did not want her
to even try the crutches
for 3 mos longer. till the
hip gains strength.
It is over a year now
that she has suffered &
such agonizing pain. o
is so patient.
A fearful accident
occurred out on the Smith
Mill road. about that

steep hill before you
come to the bridge, last
first-day - An electric
was going down at great
speed when a wheel
broke; the car with
over 50 passengers left
the track ploughed
across the road into
a stone wall & fell
over - thirty are more
or less injured - one it
is thought fatally -
28th. Could not finish this
before but must try to do
so now. We had not
heard that Clifford was

selling his stamps through Frossard. I think I told you how he lost $1500. by letting a man take his collection to sell. He only sent him $130. for all. Mr. Frost of Providence also lost all his fine collection. A man called at his home while he was at the Philatelic Meeting & told his son that he had been sent for the stamps & got them & made off - no clue. Arnie is holding on to his stamps so far.

but it is pretty hard work sometimes to
make ends meet - We never had such a
year of discouragement as this has been
& now our rent is raised $7 a month -
I don't know whether we can hold out or
not. John is far from strong & does not
seem able to battle with worry as formerly
I often feel crippled to tell the truth.
I still owe $600 on it. But enough of us -
Is not Uncle Henry going to Lake Placid?
Would he not come here for a week or two?
We would be glad to see him & the
change might help him. I shall be glad
when they promised letter comes.

With much love to Uncle
Henderson & Himself - in which
all unite

Dry dear Cousins –

I have been trying to write you for days, but could not accomplish it. I am so glad you had such a jolly time at Herbert & Narragansett. & I suppose at Annapunett & Wareham – & then you have time I do want to hear all about it. Alice Taber said she was very anxious to have had you both dine with her that last Monday, & wrote a note to that effect, but the butler neglected to deliver it as he promised & so she failed to see you. She is not feeling satisfied on the heels of her present as she even took a dip some at the Hospital to where she studies & although the Drs here are quite satisfied with her. There she is

very difficult position with regard
to her elder sister who does nothing
for her support & yet insists on
preventing the sale of the household
goods which they all own in common, but
which she alone occupies - thus to
be supported by Alice. Now this
you need not pretend to know but
it will explain things. Now Alice
would be very glad if she could
get into the Pennsylvania Hospital
where she thinks her health would
be better at regular routine
work which is not nearly so wearing
as catering to the whims of a nervous
wealthy patient who is never
content if they see you sit down
for a moment. She asked me
the other day if I thought you
could ascertain for her how
she should apply for admission.
She supposed she would have
to [illegible] on the spot & till an opening
occurred, & thought she would try

[illegible] a situation as companion for a [illegible] + wants
[illegible] sister into her place - for the secret is Ivmie is
[illegible] proud to do anything here - but might when away
[illegible] I need not say more, if you can just get her the
information about the hospital or tell her where to apply
[illegible] it [illegible] be greatly obliged - I am very busy
[illegible] getting Charlie ready to go next 4th day; I shall miss
him very much indeed. Arthur Jones was
out in the sneak box yesterday & was to pay John in
fish for use of boat, but I suppose he has left the
fish in the water to keep fresh, as he has brought none
here. We have just come in from evening meeting
& found the Remington girls in great excitement
as Chadwick's & the Chinaman's stores had just
been broken into by a burglar - The clerk in Chadwick's
went to look at ice chest & found the light turned

on & man in the store, but they
he dodged him round the block
& saw him escape by back
window he could not tell which
way he went & he only called for
help at the door!
I was sorry I did not see the letter
telling the particulars of Fannie's
illness till Annie had replied & the
second letter (registered) did not
reach us till 3rd day, on account
of the holiday. Did they only
use the mileage took to Boston? for
if so, they took too much -
Did anything come of Uncle Henry's
interview with the New York
Parties, he was to meet?
I hoped Annie was very glad
to see you back again, & had
the house in fine condition.
How is Aunt Hannah, & has
she enjoyed her outing &
benefited by it? Annie will
be home off for a week or

a cruise with De Wolf he says. The latter has put larger sails on his canoe & is daily practising. His mother told me there never was a prouder boy than he when he came home with both prizes & he is having them engraved &c — Lily Holmes is to be married next 5th day in the Swell Church here (Grace Episcopal) & have bridesmaids, maid of honor & c — a great time — Annie & Sadie called on me the other day! & I was out — I was very sorry I missed their call. but I will now call on them — Now I must say farewell — with dear love to each from all here I am

Sarah E. Wright —
